Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a disability. This rule prohibiting animals on school property may be temporarily waived by the building principal in the case of a unique educational opportunity for students, provided that: (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

School Volunteers

All school volunteers must complete the “Volunteer Information Form” to be approved at the district office and approved by the school principal or designee before assisting at the school. Some teachers utilize parent volunteers in the classroom. Teachers who desire parent volunteers will make a request with the building principal. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.
Gifts

School officials will not distribute invitations, gifts, flowers, etc. to students and these items will not be allowed in the classrooms, unless approved by the building principal.

Food

Except in the case of health emergencies, school officials will not call students from class to receive outside food items brought onto campus. School officials will not distribute food items brought onto campus to students. Due to federal regulations involving free lunch, students are not allowed to eat food purchased outside of building in the building while free lunches are being served. All food purchased outside of the building must be consumed outside of the building.

Emergency School Closings

In case of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information. For your student’s safety, make certain your child knows ahead of time where to go in case of an early dismissal. If we dismiss early for an emergency, after-school functions may be cancelled. Parents will be notified in the case of cancellations.

Video Monitoring Systems

A video monitoring system is used on school busses and a video monitoring system is used in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on videotape, that recording may be used as the basis for imposing student discipline. If criminal conduct is recorded, a copy of the tape may be provided to law enforcement personnel.

Accommodating Persons with Disabilities

Persons with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Persons with disabilities having questions about accessibility or needing accommodations should contact the superintendent or building principal. Notification of the need for accommodation should occur as far in advance as possible of the school-sponsored function, program, or meeting.
Student Fundraising

Fundraising activities by school organizations must be school related and approved in advance by the principal. Organization sponsors assume the responsibility for supervising the project, accounting for funds, making reports, and any other details involved in the project.

Attendance & Truancy

Battle Creek Public Schools recognizes that there is a direct and substantial correlation between school attendance and academic achievement. We believe that classroom attendance is an important element in the learning experience. The purpose of attendance procedures and guidelines are to maximize the classroom instructional time so that all students experience academic success and to eliminate the disruption that tardiness and truancy can cause in the classroom learning environment. It is our goal to work with students, families and communities to support regular school attendance and improve academic achievement.

It’s the Law!

The law in Michigan governing compulsory attendance requires a parent, legal guardian, or other person having control or charge of a child age six to eighteen, shall send that child to school during the entire school year.

Attendance Guidelines

Students are expected to be in attendance all day, each school day. It is the parents’ responsibility to see that regular attendance is maintained. Battle Creek Public Schools understands that a student may have circumstances that cause him/her to miss school; therefore Battle Creek Public Schools has established guidelines for absences.

Students who are learning online, at home are expected to participate and be fully engaged in their online learning. Parents and students will need to participate in two way communication during their check in times with their mentor teacher to be considered present for online learning.

Tardy:

It is vital that students arrive at school on time. Some of the most important information and communication takes place at the start of class. Students who arrive in class after the specified start time without a pass from a school official are considered tardy. The responsibility for being on time is the obligation of the parent/guardian and child. Habitual tardiness will be discussed with the child and parent/guardian by school personnel.
**Early Out:**

Leaving the classroom earlier than the scheduled dismissal time is also disruptive to the classroom and to the student’s learning. Secondary students arriving to class and then leaving anytime before the end of the class period, will be considered to have an “early out” tardy. Students will receive an early out absence if they miss more than 50% of class time due to leaving early.

**Unexcused Absence:**

Student is absent without notice by parent/guardian or the reason for the absence is not included in the “excused absence” reasons listed below.

Secondary students not present for more than 50% of a class period/or school day will be considered absent.

**Excused Absence:**

Parent/guardian has notified the school as to the reason and length of time the student will not be attending for the following reasons:

- Illness
- Recovery from an accident
- Required Court Appearance
- Professional Appointments
- Death in the immediate family
- Observation or celebration of a bona fide religious holiday
- Such other as deemed by the superintendent

Vacations are not an excused absence. The principal may issue an exception in extraordinary circumstances.

It is the student’s/parent’s responsibility to gather any assignments they will be missing. We ask that you try to schedule appointments and vacations during the times that school is not in session.

A physician’s note is REQUIRED if a student is absent 3 days or more, due to illness or health related issues.

The school will only accept notification of an excused absence up to 3 days after the student has been absent.

Excessive tardiness and absences of any type could result in receiving a referral to the Calhoun County Truancy Officers and/or may lead to legal action for the parents/guardians and the student.
Truancy

Effective and quality education requires regular attendance. Lack of attendance disrupts learning. The Calhoun Intermediate School District along with the Battle Creek Public Schools will take part in a collaborative effort to help students who are not regularly attending school. Truant students and their families will be referred to the District Truancy Interventionist and then to the County Truancy Officer if truancy continues.

Students who are receiving instruction online and are considered absent due to low engagement and/or missed check-in sessions with their mentor teachers will follow these same guidelines.

5 or more absences: (periods determined by building schedule)

1.) A letter from the school will be sent to the parents/guardians informing them of the number of absences their child has accumulated.

2.) If absences continue, a second letter will be sent to the parent/guardian by mail informing them of the number of absences their child has accumulated. This letter will also serve as notification that if the student's attendance does not become regular the school will file truancy with the Calhoun County Truancy Officer. The letter will ask the parent/guardian to contact the school immediately. A meeting with the parents/guardians may be required.

3.) Continued absences are considered to be extremely excessive as the absences could have an impact on the student's learning. A third letter will be sent to the parent/guardian by mail informing them of the number of absences their child has accumulated. This letter will also serve as notification that the excessive absences will result in a referral to the Calhoun County Truancy Officer. The letter will ask the parent/guardian to contact the school immediately. A meeting with the parents/guardians will be required.

Excessive tardiness, early outs or excused absences will follow the same guidelines and process as above.

If there is a history or truancy while the student has been attending Battle Creek Public Schools or any other school district, communication to the parent may begin sooner than what is listed above.

Pick-up and Drop-off

Drop Off
Students who are walking or being dropped off shall not arrive to school prior to fifteen minutes before school begins. There is no supervision at the school and early arrival is a safety concern. The school may contact CPS or the police regarding students who are not picked up at the end of the school day.

Students who are late should stop in the school office or with a Bearcat Coach and sign in to receive a pass before arriving to class. If parents/visitors are wishing to take their students to their...
classroom, that is at the discretion of the building, however each parent/visitor will need a visitors pass before escorting their student anywhere in the building outside of the school office.

**Pick Up**

Students should be picked up promptly from school. Parents and those picking up students from school are asked to be very sensitive to the extra burden placed on the school when students need to be supervised after the pick-up time. Late pick-up also poses a safety concern. The school may contact CPS or the police regarding students who are not picked up at the end of the school day.

If parents are wishing to take their students to their classroom, that will only be with the approval and discretion of the building administrator. Each parent will need to sign in and/or receive a visitor’s pass before escorting their student anywhere in the building outside of the school office.

**Signing Out**

Students are not allowed to sign themselves out of school without parent authorization. Parents must provide written authorization to the school and/or contact the school authorizing their student to sign out of school for a valid reason. This also applies to students who are 18 years of age and still living at home with a parent/guardian. Students who sign themselves out of school or leave without parent/school official authorization will be considered truant.

**Homebound and Hospital Instruction**

A student who is absent from school for an extended period of time or who has ongoing intermittent absences because of a medical condition may be eligible for instruction in the student’s home or hospital.

**Grading & Promotion**

School report cards are issued to students on a semester basis. For questions regarding grades, please contact the classroom teacher. The decision to promote a student to the next grade level is based on successful completion of the curriculum and number of credits earned, attendance, performance on standardized tests and other testing.

**World Language**

A student who has demonstrated proficiency in a world language outside of a public or private high school curriculum shall be granted credit. Proficiency may be demonstrated by a competency test or other criteria established by the board. The amount of credit will be based on world language proficiency achieved.

All of the following apply to a personal curriculum:
   a. The personal curriculum shall be developed by a group that includes at least the student, at least 1 of the student's parents/legal guardian, a teacher, and the student's high school counselor or another designee qualified to act in a counseling role and selected by the high school principal. e. Revisions may be made in the personal curriculum if the revisions are developed and agreed to in the same manner as the original personal curriculum.

f. The English language arts credit requirements and the science credit requirements are not subject to modification as part of a personal curriculum under this subsection.

g. The mathematics credit requirements may be modified as part of a personal curriculum only after the student has completed, without necessarily having attained a passing grade in, at least 1-1/2 credits of the mathematics credits required and only if the student successfully completes at least 3-1/2 total credits of the mathematics credits before completing high school. The requirement that a student must successfully complete at least 1 mathematics course during his/her final year of high school enrollment is not subject to modification as part of a personal curriculum. The algebra II credit requirement may be modified as part of a personal curriculum only if the student meets 1 or more of the following:

   i. Has successfully completed the same content as 1 semester of Algebra II.
   ii. Elects to complete the same content as algebra II over 2 years, with a credit awarded for each of those 2 years, and successfully complete that content.
   iii. Enrolls in a formal career and technical education program or curriculum and in that program or curriculum successfully completes the same content as 1 semester of algebra II.

h. The social science credit requirements may be modified as part of a personal curriculum only if all of the following are met:

   i. The student has successfully completed 2 credits of the social science credits, including the civics course.
   ii. The modification requires the student to complete 1 additional credit in English language arts, mathematics, or science or 1 additional credit in a language other than English.

i. The health and physical education credit requirement may be modified as part of a personal curriculum only if the modification requires the student to complete 1 additional credit in English language arts, mathematics, or science or 1 additional credit in a language other than English.

j. The visual arts, performing arts, or applied arts credit requirement may be modified as part of a personal curriculum only if the modification requires the student to complete 1 additional credit in English language arts, mathematics, or science or 1 additional credit in a language other than English.

k. If the parent/legal guardian requests as part of the student's personal curriculum a modification of the Michigan Merit Standard requirements that would not otherwise be allowed under this section and demonstrates that the modification is necessary because the student is a child with a disability, the school district may allow that additional modification to the extent necessary because of the student's disability if the group determines that the modification is consistent with both the student's educational development plan and the student's individualized education program.
Make-Up Work

Students requesting to make up missed work, including homework and test, must have approval from the building administrator. The student will be permitted the same number of days as he/she was absent to turn in the make-up work unless other arrangements are made with teachers or school administrators. The student is responsible for obtaining assignments from his/her teachers unless alternate arrangements have been made.

Early Graduation

Students who will have successfully completed graduation requirements may be eligible for early graduation. Early graduates must take full responsibility to make arrangements with the high school office for anything pertaining to the graduation ceremony (i.e., announcements, cap and gown rental, graduation practices).

Fees, Charges, and Fines/Waiver of Student Fees

The school has established fees and charges to cover the costs for certain extracurricular and non-credit activities. Materials for clubs, independent study, or special projects, as well as transportation costs and admission/participation fees for District-sponsored trips and activities may be included. Fees will not be charged for any mandatory school activity or required curriculum activity. Extra-curricular activities for which fees are charged may not be used in determining credit or grades in any course. A fee shall not exceed the combined cost of the service(s) provided and/or materials used.

When school property, equipment, or supplies are damaged, lost, or taken by a student, whether in a regular course or extra-curricular offering, a fine may be assessed. The fine will be reasonable, seeking only to compensate the school for the expense or loss incurred.

The late return of borrowed books or materials from the school libraries will be subject to appropriate fines. Failure to pay the fines may result in loss of privileges.

A student whose parent/guardian is unable to afford these fees may request a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment. Applications for fee waivers may be submitted by a parent/guardian of a student who has been assessed a fee. The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.
**Student Identification Badges**

A student’s ID card authorizes a student to be on campus. EVERY student must wear their ID cards at all times while on school grounds. It is crucial that we are able to identify everyone on campus.

For a student who does not have his/her ID Badge, they will adhere to the following procedures: Receive a temporary that must be worn during the entire school day. The temporary ID will have the date issued on it.

Receive a replacement. Badges can be replaced in the main office. Replacement fee will be $5.00.

Students are excused from wearing IDs during classes where they present a hazard to student safety.

**School Breakfast & Lunch Program**

Breakfast is served every school day. Lunch is served every school day, except on half-days.

Breakfast and lunch are provided free of charge to all high school students. To obtain the free breakfast or lunch, students must select a meal that meets certain USDA requirements. Students serving lunch detention will be provided a basic lunch free of charge. Students serving lunch detention are not permitted to select their own meal from the cafeteria. While meals are provided free of charge, students are still expected to fill out free and reduced lunch paperwork. Due to federal regulations involving free lunch, students are not allowed to eat food purchased outside of the building while free lunches are being served. All food purchased outside of the building must be consumed outside of the building.

**Bus Transportation**

The district provides a bus to transport to and from school for qualifying students. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by district or school administration as appropriate. The Transportation Department will inform parents of inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.
In the interest of the student’s safety, students are expected to observe the following rules:

1.) Choose a seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
2.) Stay in your original seat while on the bus.
3.) Keep all parts of the body and all objects inside the bus.
4.) Enter and exit the bus only when the bus is fully stopped.
5.) All school rules apply while on the bus, at a bus stop, or waiting for the bus.
6.) Use the emergency door only in an emergency.
7.) In the event of an emergency, stay on the bus and await instructions from the bus driver.
8.) Good behavior and behavior that will not distract the bus driver from operating the bus safely is required.
9.) Keep windows closed unless given permission to open.
10.) Keep the bus neat and clean.
11.) Athletic footwear equipped with cleats or spikes are not allowed on the bus.
12.) Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
13.) Be waiting at your bus stop on time.
14.) Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.
15.) Keep book bags, books, packages, coats, and other objects out of the aisles.
16.) Keep all body parts clear of the aisles when seated.
17.) Eating and drinking is not permitted on the bus.
18.) Parents will be liable for any defacing or damage students do to the bus.
19.) If a student does not ride the bus for 3 days in a row, he/she must call the bus garage at 965-9435 to arrange for pick up the next day.

Students may be suspended from riding the school bus for engaging in misconduct. Video cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus. For questions regarding school transportation issues, please contact the Transportation Department at 269-965-9435.

Parking

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK. Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in vehicles parked on school grounds. School lots are regularly searched by specially trained dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to view by others. Based on the reasonable suspicion standard, vehicles parked on school grounds may be subject to search.
Prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school, as well as referral to law enforcement.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

**Guidance & Counseling**

The school provides a guidance and counseling program for students. The school’s counselors are available to those students who require additional assistance.

The guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. Students are encouraged to seek the help of counselors to develop class schedules that meet the student’s career objectives. High school juniors and seniors have the opportunity to receive college and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

**Behavior Interventionist**

The high school employs Student Intervention Specialists to help connect students to resources outside of the school, to facilitate conflict resolution, and to intervene with students at the request of administration.

**Safety Drill Procedures and Conduct**

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. Each school shall conduct at least (5) fire drills, (2) tornado drills, (1-2) evacuation drill(s) and (2) lock-down drills each school year. There may be other drills at the direction of the administration. Drills may or may not be preceded by a warning to the students.

**Student Health**

Success in school often depends upon the overall health of the student. To help W.K. Kellogg Preparatory High School students succeed, the school provides a nurse on select days each week.

**Confidentiality**
All medical records are kept confidential consistent with applicable law. Access to these records is not permitted without the consent of the student. In a medically appropriate situation, pertinent information will be given to the parent/guardian and/or others as permitted or required by law.

**HIPAA**

The Battle Creek Alternative High School adheres to the Health Insurance Portability and Accountability Act (HIPAA). Students and parents will receive information in compliance with HIPAA. Student Health Center staff may have limited access to a student's school record only for the following: medical information, immunizations, address, phone number, emergency contact information and school schedule. If the parent/guardian does not wish this information to be available, a written denial of access must be given to the Building Administrator by October 1 of the current school year.

**Parental Consent**

Consent for treatment form must be completed and signed by a parent or guardian for students under the age of 18. State law does provide teens the right for services, counseling and private referral in the areas of pregnancy, sexually transmitted infection, birth control, drug abuse and mental health problems.

**Health Care Procedure**

A student who wishes to visit the school nurse must obtain a pass from their classroom teacher. Unless it is an emergency, a student is not to see the nurse without a pass. The student must sign-in upon arriving. Arrival and departure times will be listed on the pass by the nurse.

**Purpose**

Together, students, parents/guardians and WKKP staff can help make health care more available to students; encourage more healthful behaviors; teach students about the important role they play in maintaining their health; decrease health-related absences; and generally help students become health conscious. Healthy students are better students. Healthy students are more successful students.

**Assisting a Student in Distress/Emergencies**

Any district staff member may assist a student in distress in self-administration of a medication (ex. Epi-pen injection, asthma inhaler, etc.). For the purpose of this policy, distress refers to any obvious and serious discomfort or threatening condition. The staff member should first confirm that the medication and dosage are proper for the student as conditions allow.
As soon as possible, the staff member shall notify the school administration, the school nurse and/or the responding emergency medical system team. The staff member shall also complete a district incident/accident report form following the incident. This form will be attached to the student's medication log file.

**Student Medication**

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student’s health and well-being. When a student’s licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a “Medication Administration Authorization Form”. No school or district employee is allowed to administer to any student, or supervise a student’s self-administration of, any prescription or nonprescription medication until a completed and signed School Medication Authorization Form is submitted by the student’s parent/guardian. No student is allowed to possess or consume any prescription or nonprescription medication on school grounds or at a school-related function other than as provided for in this procedure.

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student’s discretion, provided the student’s parent/guardian has completed and signed an Authorization for Student Self-Medication Form.

**Emergency Medical Authorization**

The student’s parent/guardian should complete the school district's emergency medical treatment authorization form to indicate their preference of hospital, doctor, and dentist for emergency treatment.

In an emergency situation, the child may be transported to the nearest medical facility able to render appropriate care, regardless of parental preference. Typically, this decision is made by an EMT (emergency medical technician) or a first responder.

**Communicable Diseases**

The school will observe recommendations of the Michigan Department of Community and Public Health regarding communicable diseases.
1. The student's parent/guardian is required to notify the school office if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent/guardian.
3. The school will provide written instructions to the parent/guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent/guardian provides the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

General Building Conduct

1. Students shall be respectful in the hallways and not run, talk loudly, or yell in the hallways nor shall they push, shove, or hit others.
2. Students shall be respectful to school property and not write on walls, desks, or deface or destroy school property.
3. Skateboards are not permitted to be used in the school building.
4. Water guns, play guns, BB guns, and/actual firearms are not permitted on school property, school events, or on school buses.
5. School administration reserves the right to regulate the possession or use of any item deemed to be disruptive to the building environment.
6. Students are provided a hall locker and are expected to put their belongings in the locker including their coats, backpacks (bags, purses, string backpacks...). If a student needs a personal belonging they will need permission from school personnel to use their locker and have a signed pass. Each classroom will provide the necessary material for learning each hour.
7. Personal electronic devices are to be stored in a non-distracting location (locker, pockets ...) and should never be heard during the school day. As the school provides instructional technology for all students, personal devices are not needed at school and should only be used when given permission by a staff member of the school, failure to do so will result in confiscation of the personal electronic devise.

Note: Students, who bring in personal electronic devices, including cell phones, are doing so at their own risk. School personnel will not investigate any incidents of stolen personal electronic devices that are not properly secured in a locker or on their person.

School Dress Code/Student Appearance

Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment. Battle Creek Public Schools expects that all students will dress in a way that is appropriate for the school day or for any school sponsored events. Although the primary responsibility for a student's attire resides with the student and their parent(s) or guardian(s), the school district is responsible for seeing that student attire does not interfere with the health or safety of any student and does not contribute to a hostile or intimidating atmosphere for any student. These dress code guidelines shall apply to regular school days and summer school days, as well as while on the school bus, at any school-related events and activities, such as graduation ceremonies, dances and prom.
1. Students must wear a shirt (with fabric in the front, back, and on the sides under the arms) and pants/jeans or the equivalent (for example, a skirt, sweatpants, leggings, a dress or shorts).
2. Appropriate footwear must be worn at all times.
3. Student dress (including accessories) may not advertise, promote, or depict alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, hate speech, profanity, pornography, Images or language that creates a hostile or intimidating environment or other inappropriate images.
4. Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.
5. Students may not wear any clothing that reveals visible undergarments (visible waistbands and visible straps are allowed).

7. Accessories that could be considered dangerous or could be used as a weapon may not be worn.
8. Any item that obscures the face or ears (except as a religious observance).
9. Hair styles, dress, and accessories that pose a safety hazard are not permitted in the shop, laboratories, or during physical education.

If there is any doubt about dress and appearance, the school administration will make the final decision. Students whose dress violates the dress code and/or causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be removed from spaces, hallways, or classrooms as a result of a dress code violation. Students may also be asked to put on their own alternative clothing, if already available at school, or may be provided with temporary school clothing for the remainder of the day, or students’ parents may be called during the school day to bring alternative clothing for the student to wear for the remainder of the day.

**Student Discipline**

Using, possessing, controlling, or transferring a dangerous weapon (defines by Michigan law as a “firearm, dagger, dirk, stiletto, knife with a blade over 3 inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles”) or any item which may be used to cause or threaten harm to others, or a “look alike” weapon.

5. 16. Sending, receiving or possessing sexually explicit or otherwise inappropriate pictures or images, commonly known as “sexting.”

2. The above list is not inclusive. Other violations may result in disciplinary action.

**Weapon Free Schools**

In order to provide a safe learning environment for all children, our schools must be weapon-free.

1. Michigan law requires the Board of Education to permanently expel a student for possession of a dangerous weapon on school property or in a school vehicle.

   Michigan law defines a dangerous weapon as a firearm, dagger, dirk, stiletto, a knife with a blade over three inches in length, a knife opened by mechanical device (regardless of blade length), iron bar, or brass knuckles.

2. As a matter of District policy, the Board of Education may also exercise its discretion to expel a student for possession of an object on school property or in a school vehicle which may be used to cause or threaten harm to others. Examples of such objects include, but are not limited to: BB gun, pellet gun, look-alike gun, knife with a blade three inches or less in length, razor blade, box cutter, chains, nun chucks, mace, pepper spray, etc.

3. School officials shall immediately contact local law enforcement officials in the event a student is found in possession of a dangerous weapon or an object which may be used to cause or threaten harm to others.

**Gangs and Gang Activity**

“Gang” is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student’s conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which
reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Physical Assault

Physical assault is defined as: "intentionally causing or attempting to cause physical harm to another through force or violence." Any student in grade 6 or above who physically assaults a school district employee, volunteer, or contractor shall be permanently expelled, subject to reinstatement after 180 school days. A student in grade 6 or above who physically assaults another student on school property, at any school-sponsored activity, or on any school-related vehicle shall be suspended or expelled for up to 180 days.

Bullying and Harassment

Bullying, intimidation, and harassment are not acceptable in any form and will not be tolerated at school or any school-related activity. The school will protect students against retaliation for reporting incidents of bullying, intimidation, or harassment, and will take disciplinary action against any student who participates in such conduct.

No person shall harass, intimidate or bully another based upon race, color, national origin, sex, sexual orientation, disability, age, or religion. The school and district will not tolerate harassing, intimidating conduct, or bullying whether verbal, physical, or visual, that affects the tangible benefits of education, that unreasonably interferes with a student's educational performance, or that creates an intimidating, hostile, or offensive educational environment. Examples of prohibited conduct include name-calling, using derogatory slurs, causing psychological harm, threatening or causing physical harm, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. Students who believe they are victims of bullying, intimidation or harassment or have witnessed such activities are encouraged to discuss the matter with school administration. Students may choose to report to a person of the student's same sex.

Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined. Any student who is determined, after an investigation, to have engaged in bullying, intimidation or harassment will be subject to disciplinary consequences as provided in this handbook, including but not limited to, suspension and expulsion consistent with the school and district's discipline.
policy. Parents of students who have engaged in the above behavior will be notified. Any student making a knowingly false accusation regarding harassment may also be subject to disciplinary consequences.

**Sexual Harassment**

Sexual harassment has no place in school setting and will not be tolerated. Sexual harassment consists of unwelcome sexual conduct, either verbal or physical, which unreasonably interferes with a student's educational right, privilege, advantage or opportunity or which creates an intimidating, hostile or offensive educational environment. The Board of Education's policy prohibiting sexual harassment and related grievance procedures may be obtained from the building principal. Reports of sexual harassment should be made to school administration.

**Hazing**

Hazing activities of any type are inconsistent with the educational process, a violation of Michigan criminal law, and are prohibited at all times. Hazing means an intentional, knowing, or reckless act by a person acting alone or acting with others that is directed against an individual and that the person knew or should have known endangers the physical health or safety of the individual, and that is done for the purpose of pledging, being initiated into, affiliating with, participating in, holding office in, or maintaining membership in any organization. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen the prohibition.

**Bomb Threats and Similar Threats**

School district administration shall suspend or expel a student in grade 6 or above who makes a bomb threat or similar threat directed at a school building, other school property, or a school-related event for a period of time. Students who make a false bomb threat will be reported to law enforcement. Those students found to be in violation of this policy will be subject to any restrictions and prohibitions referenced in state law that may include the loss of the ability to participate in driver’s training until age 16.

**Procedures Governing All Cases of Suspension**

1. The Principal or his/her designated representative may suspend a student for a period not to exceed ten (10) school days. The Principal will make all recommendations to the Superintendent, or the superintendent's designee concerning suspensions which are to exceed ten (10) school days and all recommendations for expulsion. In such cases, the Principal will notify the student and parents/guardians in writing of his/her intent to recommend extended suspension or expulsion.
2. The administrator processing the suspension is to record all pertinent information concerning the disciplinary action being taken. This will become part of the student’s behavioral record.
3. The administrator is to advise the student of the meaning of suspension, the reason for suspension, and the length of the suspension. In the event the student is not available, this information will be communicated to the parent or guardian.

4. Whenever possible, the parent or guardian will be told of the suspension before the student will be released from school. This will be done via phone or other communication venue. In the event the parent or guardian cannot be reached, the administration will:
   a. Send the student home and request the parent call the school; or
   b. Keep the student in the office until the school day is over and request a telephone call by the parent to the school by 9 a.m. the following day.

5. A Notification to Parent Regarding Suspension letter will be sent to the parent or guardian within twenty-four (24) hours of the suspension. The letter will request the parent call the administrator in the event they have not yet discussed the matter.

6. Students and/or parents/guardians who feel the suspension is not justified may resort to the following Appeal procedure:
   a. The student is to leave the school premises following a suspension and place a telephone call to the Principal’s office if they wish to request a hearing.
   b. A hearing with the Principal, or the designee in the case of absence, will be arranged for no sooner than the following day.
   c. If the student and parent/guardian are not satisfied at this point, a hearing may be requested with the designee of the Superintendent within no more than two (2) working days. The parent/guardian must complete the appeal form in the Principal’s office, to be forwarded to the Superintendent’s office.
   d. Further appeal will be made as determined by the Superintendent.
   e. The student and parent/guardian may have representation of counsel or may choose to have representation from some other source at any of the above levels.

7. Under no circumstances will a student be reinstated following a suspension without a parent or guardian conference.

8. All suspensions will be reported to the Principal or the designee in the case of absence on the day of the suspension.

9. The administration considers matters of individual suspension to be confidential information. We will, therefore, not discuss the disposition of any case involving a student with any person other than school personnel and parent or guardian unless given written authorization by the parent or guardian to release information or to discuss the matter with a designated representative. The parent or guardian will be required to sign a “Release of Information” card which will be available in the office. This is not intended to preclude the right of the school to provide information to law enforcement agencies regarding students.
Lunch & Cafeteria Rules

General Lunch Rules
Students may not leave campus during lunch, except with permission granted by administration or authorized staff. During lunch, students must proceed directly to the cafeteria or designated lunch area, and, after getting their lunch, shall immediately sit in a chair at a table. Students shall remain seated until the lunch tone rings. Students are expected to clean the area in which they are seated, dispose of any trash in the appropriate receptacle, and exit the cafeteria to their assigned location. Students shall follow all cafeteria rules during lunch.

Open Lunch Rules

Open Lunch is a privilege extended to seniors (15 or more credits) who wish to leave the school grounds and adjacent areas during their assigned lunch periods only. This privilege is predicated on the belief that pupils as they enter their final years of high school should be trusted to make mature decisions and act responsibly.

The open lunch privilege requires a partnership among the school administration, parent/guardian, and the student. A parent may withhold permission for his/her child to participate in open lunch.

The decision to grant the open lunch privilege to seniors shall be made on an annual basis. The high school principal may revoke this privilege at any time to the entire senior class if there is a substantial pattern of violation of the rules governing open lunch.

Students who fail to meet their responsibility may forfeit the privilege altogether and may be subject to other disciplinary actions.

Code of Conduct for Open Lunch

The decision to grant the open lunch privilege to seniors requires that eligible seniors will:

1. Leave campus only during the assigned lunch periods, (students must sign out in their arena upon leaving);
2. Return on time to their arena after the assigned lunch period through the designated doorways, and sign in at the office
3. Demonstrate respect for arenas in session by not making a disturbance when leaving or returning from lunch;
4. **Wear the student ID card upon reentry to school during lunch periods and be prepared to show their ID card at anytime.**
5. Demonstrate good citizenship by not loitering or littering while off school grounds;
6. Obey all State laws governing the safe operation of an automobile and
7. Adhere to the Code of Conduct as outlined in the Student Handbook.
Eligible seniors will not:

1. Transport or promote the leaving of school grounds by 10th or 11th graders.
2. Engage in any behavior that is harmful to themselves or others.
3. Bring purchased food into building for themselves or other students in violation of the lunch program grant from the State of Michigan.

Pupil and Parent Agreement of Open Lunch Contract

An open lunch agreement that outlines the conditions for granting the privilege will be distributed to all eligible seniors. The agreement must be signed by both the parent and pupil indicating that these conditions have been reviewed and accepted and returned to the high school. Parent and student signatures indicate acceptance of full responsibility for student actions and safety upon exit from the building. For safety reasons, any student leaving school grounds must sign out upon leaving, and sign in, upon returning to school.

Revocation of Open Lunch Privilege

Seniors who violate the Open Lunch Policy will receive the following consequences:

1. First violation – Student will remain on campus during lunch for ten (10) school days during assigned lunch periods
2. Second violation - Students will remain on campus during lunch for twenty (20) school days. Parents will be contacted.
3. Third violation – Open Lunch privilege is revoked. Students will remain on campus during lunch period for the remainder of the school year. Parents will be contacted.

Cafeteria Rules
1. Loud talking, yelling, screaming, and other disruptions are prohibited.
2. Students shall not throw food, drinks.
3. Vending machines are provided for student convenience. Students shall not misuse, abuse, attempt to dismantle or cheat the machine, and must wait in line to use the machines. Students may not save spots in line, cut in line, or otherwise cheat or intimidate their way into line.
4. Students shall not save places in line, cut in line, or otherwise cheat or intimidate their way into line for food service.
5. Students shall not leave the cafeteria until after the appropriate tone rings, or otherwise directed by staff.
6. Students shall follow the instructions of the cafeteria aides and other staff and show proper respect toward all cafeteria personnel.
7. Students shall immediately become silent when staff or presenters make announcements in the cafeteria.
8. Students shall report spills and broken containers to cafeteria staff immediately.

Misbehavior will result in disciplinary action according to the school’s disciplinary procedures.
Internet Acceptable Use

All use of the school district's electronic network must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Unacceptable Use

The user is responsible for his/her actions and activities involving the network. Some examples of unacceptable uses are:

1. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
2. Unauthorized downloading of software;
3. Downloading copyrighted material for other than personal use;
4. Using the network for private financial or commercial gain;
5. Wastefully using resources, such as file space;
6. Hacking or gaining unauthorized access to files, resources, or entities;
7. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
8. Using another user’s account or password;
9. Posting material authored or created by another without his/her consent;
10. Posting anonymous messages;
11. Using the network for commercial or private advertising;
12. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
13. Using the network while access privileges are suspended or revoked.

Network Etiquette

The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Do not become abusive in messages to others.
2. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
3. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
4. Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
5. Do not use the network in any way that would disrupt its use by other users.
6. Consider all communications and information accessible via the network to be private property.
No Warranties

The school district makes no warranties of any kind, whether expressed or implied, for the service it is providing. The school district is not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user’s errors or omissions. Use of any information obtained via the Internet is at the user’s own risk. The school district specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification

The user agrees to indemnify the school district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school district relating to, or arising out of, any violation of these procedures.

Network Security

Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or building principal. Keep your account and password confidential. Do not use another individual’s account without written permission from that individual. Any user identified as a security risk may be denied access to the network.

Vandalism

Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Copyright and Web Publishing Rules

Copyright law prohibits the republishing of text or graphics found on the Web without express written permission.
1. For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.
2. Students engaged in producing Web pages must provide library media specialists with e-mail or hard copy permissions before the Web pages are published. Printed evidence of the status of “public domain” documents must be provided.
3. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.
4. The “fair use” rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
5. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Electronic Mail
The E-mail system is owned and controlled by the school district. E-mail is provided to aid students in fulfilling their duties and responsibilities, and as an education tool.
1. The school district reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student or staff member to an electronic mail account is strictly prohibited.
2. Each person should use the same degree of care in drafting an e-mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.
3. Electronic messages transmitted via the school district’s Internet gateway carry with them an identification of the user’s Internet “domain.” This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school and district. Users will be held personally responsible for the content of any and all e-mail messages transmitted to external recipients.
4. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment, Personal Effects of Students

School authorities may inspect and search school property and equipment owned or controlled by the school (i.e., lockers, desks), as well as personal effects left in those locations by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially-trained dog.

Students

School authorities may search a student and/or the student’s personal effects in the student’s possession (e.g., purses, wallets, knapsacks, book bags, lunch boxes, cell phones) when there is a reasonable suspicion that the search will produce evidence that the particular student has violated or is violating either the law or the school district’s rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district’s policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

**Attendance at School Dances**

Attendance at school-sponsored dances is a privilege. Only students who attend the school may attend school-sponsored dances, unless the principal or designee approves a student’s guest in advance of the event. A guest must be “age appropriate,” defined as attending school in grades 9-12 or not more than 20 years of age, and determined to be “in good standing” as determined by school administration. A student’s prior disciplinary record may be considered when determining “good standing,” and a background check may also be completed. All school rules, including the school’s discipline code and dress code are in effect during school-sponsored dances. In particular, students shall not:

1. Use, possess, distribute, purchase, or sell tobacco materials, alcoholic beverages, or any illegal substance or paraphernalia;

**Education of Students with Disabilities**

It is the intent of the school district to ensure that students who are disabled within the definition of the Individuals with Disabilities Education Act ("IDEA") or Section 504 of the Rehabilitation Act of 1973 ("Section 504") are identified, evaluated, and provided with appropriate educational services. The school district provides a free appropriate public education in the least restrictive environment and necessary related services to all students with disabilities enrolled in the school.
For the provision of special education programs and services under the IDEA, the term “student with a disability” means a person between ages 3 and 26 for whom it is determined that special education services are needed. A student who reaches age 26 after September 1 is a "student with a disability" and entitled to continue a special education program or service until the end of that school year.

For the purposes of complying with Section 504, a "student with a disability" is a person who:
1. Has a physical or mental impairment which substantially limits one or more of such person's major life activities;
2. Has a record of such an impairment; or
3. Is regarded as having such impairment.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office.

**Discipline of Students with Disabilities**
The school will comply with the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973 when disciplining students. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. No special education of Section 504 students will be expelled if the student’s misconduct is a manifestation of his/her disability as determined through a manifestation hearing. Any student with a disability whose misconduct is not a manifestation of his/her disability may be suspended or expelled pursuant to school disciplinary procedures.

**Right to Prevent Disclosures**

You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of the Board of Education to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent.

Upon such objection, this information will not be released without prior consent of the parent or eligible student.

You have three weeks from the receipt of this notice to advise the school district in writing of any or all of those types of information about the student which you refuse to permit the school district to designate as directory information. Your objections should be addressed to:
